Peak Property and Accidents was founded in Stevens Point, WI in 1985, but has been operating as a subsidiary of Sentry Insurance Group since 1990. Information about this company is incredibly difficult to put together. They do not have an individual website, but are named as a subsidiary of the Sentry website as well as in several other locations. This includes auto insurance brand website Sentry, Dairyland Insurance, which lists Peak as an underwriting company for its products in several states. We haven't been able to pinpoint what Peak Property and Accidents is doing outside of underwriting for Dairyland. Reviews of the company seem to indicate that they are an insurer recording on personal auto policies, or have been at some point. As best we can in set, they provide underwriting and maintenance for called Dairyland, but much of the information is at best unclear. Sentry Insurance is primarily a provider of business insurance. Again, it's unclear whether Peake writes any of these policies, but we can't find any indication of what they're doing. Peak, like other Sentry products, use independent agents for sales.
